New PD Opportunity

Supporting Student Transitions to Postsecondary Ed and the Workforce

Workshop Description :

Successful postsecondary and workforce transition can change the life trajectories of adult learners. In addition, research shows that adult learners' educational attainment benefits their families, children, and the local economy. However, recent statewide data indicate we have a tremendous opportunity for improvement. By strengthening support services, program structures, and local partnerships, adult education agencies can facilitate adult learners' journey through the transition and support persistence through their pathway. This module will examine examples of effective partnerships and new initiatives and best practices for impactful services for adult learners' post-secondary and workforce transitions. A strong emphasis is placed on practical implementation tools and processes for and within consortia.

Research Brief No. 17 | Evidence to Action May 2023

Evidence to Action

Culturally and Linguistically Responsive Teaching in Adult Education

Introduction

Those in adult education aim to achieve equitable education and employment outcomes that support adult learners' individual goal achievement, local and state workforce development, and the economy. The federally funded Workforce Innovation and Opportunity Act Title II (WIOA II) and state-funded California Adult Education Programs (CAEP) list equity as part of their priorities and objectives. One of the evidence-supported ways to attain equitable outcomes is through culturally and linguistically responsive teaching (CLRT). Research shows that CLRT enhances students' motivation, sense of belonging in school, persistence, and academic outcomes (Muñiz 2019). For CLRT to take root and flourish, leadership and schoolwide efforts, from classrooms to the entire school environment and even advocacy in the community, are required (Khalifa, Gooden, and Davis 2016). Applying CLRT principles requires a shift in school culture, teacher training, instructional materials, and other schoolwide policy revisions. To make a real impact, it should not be left to chance, and systemic approaches are necessary (Khalifa, Gooden, and Davis 2016).

In this brief, we define CLRT in the adult education context, explore research findings on the topic, explain why incorporating CLRT is critical to California adult educators, and share practical application ideas and resources for implementation. Finally, examples from the adult education field in California are included for inspiration and further exploration of the topic.

Definition, Theories, and Literature Review

cultural and linguistic backgrounds. It creates a learning environment in which students feel valued, respected, and understood, and makes education relevant and engaging by acknowledging and incorporating students' cultural experiences into the curriculum (Gay 2010; Hammond 2015; Ladson-Billings 1994). It also intends to help students develop a strong sense of identity and connection to their own culture while building relationships with students from other cultural backgrounds (Gay 2010; Ladson-Billings 1994; Paris 2012).

Several frameworks that relate to CLRT have been developed over the past four decades. As with many educational theories, culturally and linguistically relevant/responsive/sustaining practices have their roots in K–12 education. In this brief, as a starting point, we draw on the work of Ladson-Billings (1994), Gay (2010, 2018), Paris (2012), and Hammond (2015) to outline some of the major concepts. We then examine where CLRT and andragogy (Kimmel, Gaylor, and Hayes 2016; Knowles, Holton, and Swanson 2015; Merriam 2018) intersect for application in adult education. In addition, we incorporate key principles from the Culturally and Linguistically Appropriate Standards for Projects, Research, and Operations (CLAS PRO) developed by the American Institutes for Research® (AIR®) in 2022 for application in professional environments. Finally, we include empirical studies using CLRT to provide further evidence.

Asset-Based Approaches

One common tenet of CLRT-related theories is to challenge the notion of the deficit model, in which the nondominant languages, cultures, and student identities are perceived as barriers to learning. CLRT ensures all

Interactive Quiz Question (1)

Question – How many program areas does Workforce Innovation Opportunity Act (WIOA), Section 231 cover?

Multiple choice answers –

A) Three

B) Four

C) Five

- English Literacy and Civics Education (ELCE)
 - Citizenship Preparation
 - Civic Participation
- Adult Basic Education (ABE)
- Adult Secondary Education (ASE)
 - High School Diploma (HSD)
 - High School Equivalency (HSE)

I. English Language Acquisition (1)

WIOA defines ELA as:

A program of instruction designed for eligible individuals, who are English language learners, to achieve competency in reading, writing, speaking, and comprehension of the English language; and that leads to attainment of a secondary school diploma or its recognized equivalent; and transition to postsecondary education and training, or employment.

English Language Acquisition (2)

Key objectives:

- Provide students with the ability to use English that is accurate and appropriate in a variety of academic and social settings
- Integrate language acquisition with relevant life experiences, stressing the importance of critical thinking, problem solving, and self-sufficiency
- Develop students' receptive English language skills of listening and reading comprehension

English Language Acquisition (3)

- Develop students' productive English language skills of speaking and writing
- Provide students with English language and citizenship instruction necessary to successfully complete the citizenship application and interview process

II. English Literacy and Civics Education (1)

- As outlined in WIOA Section 231(b), ELA programs may include English Literacy and Civics Education as an “activity.”
- The California “EL Civics” program is made up of 59 adult education field-developed Civic Objective and Additional Assessment Plans (COAAPs).

Interactive Quiz Question (2)

Question – From the following list, which one of these is not an ELCE activity?

Multiple Choice Answers –

- A) Civic Participation
- B) Workforce Preparation
- C) Citizenship Preparation

English Literacy and Civics Education (3)

WIOA Section 231 EL Civics is made up of two program areas:

- **Civic Participation** contextualized programs that support the design, creation, implementation, and delivery of instructional activities that integrate civics education content with existing ESL courses.
- **Citizenship Preparation** courses that use ESL methodologies and citizenship preparation material to prepare learners to take and pass the U.S. Citizenship and Immigration Services oral and written citizenship tests.

III. Adult Basic Education (1)

- The goal of the Adult Basic Education (ABE) program is to improve students' basic skills in Language Arts and Mathematics.
- A model ABE program provides comprehensive services to meet the diverse educational needs of students and prepares them to transition to secondary education and job preparation classes.
- ABE programs include reading, writing, and computational skills necessary for functioning at levels comparable to students in the first through eighth grades.

Adult Basic Education (2)

- Courses may be remedial for students, or they may provide educational opportunities for students who speak, but do not read English.
- These programs may also be designed to help students develop job readiness skills leading to employment, advance on the job, or enter adult secondary education classes.

IV. Adult Secondary Education

- The goal of the Adult Secondary Education (ASE) program is to provide a curriculum that enables adults to attain a high school diploma (HSD) or a high school equivalency (HSE) certificate.
- Subjects include Mathematics, English Language Arts, Social Studies, Science, and other courses required to complete the credits or gain the knowledge necessary to attain an HSD or pass an HSE test.
- The ASE program is conducted within flexible time frames and provides knowledge and skills necessary for adults to gain self-sufficiency, employment, and to be able to transition into advanced postsecondary and career programs.

Agenda

Federal Program Monitoring (FPM)

- Purpose
- FPM Office
- FPM Program Instrument
- Adult Education Instrument Items/Evidence Requests
- AEFLA Administrators

Federal Program Monitoring (FPM) (1)

- The Adult Education and Family Literacy Act (AEFLA) grant requires the California Department of Education (CDE) to conduct on-site and on-line monitoring of all adult education grant recipients. This type of monitoring or review is called an FPM Review.
- All adult education grant recipients of AEFLA funding will be selected for review at some point.
- The purpose of the review is to ensure agencies are in compliance with federal, and where applicable, state law.
- The current monitoring cycle is for program year 2023–24.

Federal Program Monitoring (FPM) (2)

The CDE is required to monitor the implementation of federal and state funding (including adult education programs) administered by:

- Local Educational Agencies
- Community Colleges
- Coalitions
- Community-Based Organizations
- Libraries
- State Agencies

Tip for Success (1)

Do not wait until your agency is scheduled for a review to familiarize yourself with the Adult Education Instrument!

Purpose

- Ensure agencies are in compliance with federal, and where applicable, state law.
- Agencies that receive program funding are responsible for creating and maintaining programs which meet minimum fiscal and programmatic requirements, also referred to as minimum compliance.
- Opportunity for the Adult Education Office (AEO) to learn more about programs/services provided and to identify highly functioning agencies.

CDE's FPM Office (1)

- The FPM Office schedules and coordinates most federal reviews.
- Agencies may be selected for review every two years.
 - Onsite
 - Online
- Regional Team Leaders (RTL) work with CDE program reviewers and agency coordinators to conduct onsite and online reviews.

CDE's FPM Office (2)

- CDE's Compliance Monitoring web page:

Requirements of AJCC Partners

- Provide access to its programs or activities
- Use a portion of its funds to support infrastructure and to provide career services
- Enter into a Memorandum of Understanding (MOU) with the Local Workforce Development Board (LWDB)
- Participate in the operation of the AJCC delivery system consistent with the terms of the MOU
- Provide representation on the State and LWDBs as required and participate in Board committees as needed

Purpose of the MOU

To establish the roles and responsibilities of the LWDB, the Chief Elected Official (CEO), and the AJCC Partners, in relation to the operation of the AJCC delivery system.

- Product of local discussion and negotiation to ensure successful integration and implementation of partner programs
- **All** required partners must be included in the MOU

Types of MOU

- **Separate Partner Agreements**
 - Local WDB (with the agreement of the CEO) may enter into agreements between each partner or groups of partners
- **“Umbrella” MOUs**
 - Address issues related to the AJCC system, its CEO, and all partners
 - Allow partner programs to focus on service delivery
 - Facilitate transparent and flexible agreements

Major Components of the MOU

- **Shared Customers**
- **Shared Services**
- **Shared Costs**

Local boards must work with all the required partners in their local area to develop an agreement regarding the operations of the local system.

Quiz #1

How does your agency partner with the local AJCC?

- 1) Student referrals
- 2) Training/workshops
- 3) Registration/intake
- 4) Sharing administrative cost
- 5) Other

Shared Customers and Services

The MOU should clearly delineate the responsibilities of each MOU partner when it comes to helping plan, develop, and implement the local AJCC system.

- What services are to be provided and by whom?
- What is the best way to serve the local area's population through effective partnerships, referrals, and cross-training?

Shared Costs

Each AJCC partner that carries out a program or activities WITHIN an AJCC must use a portion of funds available for their program and activities to help maintain the AJCC delivery system, including proportionate payment of the infrastructure costs of the AJCC.

(Workforce Innovation and Opportunity Act (WIOA), Joint Final Rule Section 678.700)

Service Costs (1)

Applicable Career Services

- 2) Job Training
- 3) Career guidance
- 4) Childcare information/resources
- 5) Services for veterans
- 6) Services for disabled persons
- 7) Other

Service Costs (2)

Review and Updates to MOU

- MOU must be reviewed and updated at least every three years.
- The Infrastructure Costs Agreement (IFA) must be reviewed annually.

Funding Cost Sharing

WIOA, Title II: Adult Education Family Literacy Act Infrastructure costs can only be paid from funds available for local administrative expenses or from non-federal resources that are cash, in-kind, or third-party contributions.

Strategic Co-Enrollment (1)

The US Department of Labor commenced a national workgroup in order to collaborate on getting a better understanding of co-enrollment strategies. California participated in the workgroup and committed to creating co-enrollment guidance in order to align service delivery with the concepts and visions found in the WIOA.

Strategic Co-Enrollment (2)

- The WIOA places a strong emphasis on planning and implementation across multiple partner programs to ensure alignment in service delivery.
- Strategic co-enrollment can increase program and participant success, maximize resources, enable greater efficiencies in service delivery, and align services with regional sector pathways.

AJCC Role in Strategic Co-Enrollment

This system must serve as an all-inclusive access point to education and employment programs that provide demand-driven skills attainment, especially for those with barriers to employment.

Co-Enrollment Key Concepts (1)

Integrated Service Delivery – establish and participate as an integrated system of partners that share common goals with services offered by multiple organizations for a seamless participant experience. The focus is on clients or target groups who have complex needs that require services from multiple partners.

Co-Enrollment Key Concepts (2)

Increased Access – ensures any participant, especially individuals with barriers to employment, who enter an AJCC, have access to partner programs, services, and activities where they're eligible, including physical and programmatic access, as described in WIOA Section 134(d).

Co-Enrollment Key Concepts (3)

- Continuous improvement – create a delivery system that is focused on process improvement and challenges the status quo.
- Partnership – align goals, outcomes, and resources with all local partners in the AJCC system to leverage resources to provide a higher quality and level of services.

Intake/Referral

Goal: common intake

- Reduces the paperwork required for an individual to provide and complete during intake.
- May include authorization to release information that allows partners to share and enter information in their respective case management system.
- Streamlines data sharing and supports the tracking of referrals, co-enrollments, and outcomes.
- Helps people with multiple barriers access coordinated services.

Panel Discussion

Hear from field practitioners regarding their experience working with AJCCs and local workforce development boards.

Workforce Innovation and Opportunity Act, Title II: Adult Education and Family Literacy Act

Fiscal Compliance Overview

Arturo Ambriz, CPA
Education Programs Consultant
Adult Education Office

CALIFORNIA DEPARTMENT OF EDUCATION
Tony Thurmond, State Superintendent of Public Instruction

Overview Topics

- Statute and Regulations
- Timely Spending Funds and Carryover
- Supplement, Not Supplant (SNS) Provisions
- Cost Allowability and Allocation Requirements
- Standards for Documentation of Personnel Expenses (Time and Effort Reporting Requirements)
- Matching Requirements

Statute and Regulations for Reference

- **Statute** – Workforce Innovation and Opportunity Act (WIOA), Title II: Adult Education and Family Literacy Act (**AEFLA**)
- **Regulations** – Education Department General Administrative Regulations (**EDGAR**) and
 - The Uniform Grant Guidance (**UGG**), Title 2, Code of Federal Regulations (CFR), Part 200 – Cost/Administrative/Audit Rules.
This is a key part in EDGAR also known as **2 CFR 200**.

Summary of AEFLA Funds for Reference

- **Section 225 — Institutionalized Adults/Corrections Education**
Resource Code 3940 (Program Focus Areas: ABE, ELA and ASE)
- **Section 231— Adult Education**
Resource Code 3905 (Program Focus Areas: ABE, ELA, and ELCE)
Resource Code 3913 (Program Focus Areas: ASE (HSE, HSD))
- **Section 243 — Integrated Literacy and Civics Education (IELCE)**
Resource Code 3926 (Program Focus Areas: IELCE with & without IET)

Timely Spending Funds and Carryover

AEFLA funds **cannot be carried over from one fiscal year to the next.** They must be **expended** or financially **obligated** by June 30.

Funds are considered **expended** as of the **date of the obligation**, consistent with Title 34 CFR 76.707. Agencies have **90 days** to liquidate their financial obligations after the end of performance period (June 30).

Examples:

- Funds for the adult school (agency) employees' salaries and benefits are **obligated when the services are performed.**
- Funds for computer devices are **obligated on the date the agency makes a binding written commitment** to obtain the devices.

Supplement, Not Supplant

Supplement, Not Supplant – Provision's Requirement

What is required?

Per AEFLA Section 241(a), funds made available for adult education and literacy activities under this title **shall supplement** [*increase the level of services*] and **not supplant** [*replace*] other State or local funds expended for adult education and literacy activities.

In other words, AEFLA funds should not be used to pay for services, staff, programs, or materials that would otherwise be paid with state or local funds.

Note: What would have happened in the absence of AEFLA funds?

Supplement, Not Supplant – Presumptions

The OMB Compliance Supplement **presumes supplanting** if:

- The agency used AEFLA funds to provide services that the agency provided with nonfederal (state or local) funds in the prior year.

Note: Were state or other nonfederal funds used in the prior year to pay for services, staff, program, or materials? If yes, the agency should continue using those sources. If AEFLA funds are used to pay for these costs in the present year, a presumption of supplanting would have occurred.

- The agency used AEFLA funds to provide services the agency was required to make available under other federal, state, or local laws.

(more information on SNS can be found at [WIOA Supplement Not Supplant FAQ's](#))

(Office of Management and Budget (OMB) Compliance Supplement [2023](#))

Supplement or Supplant? (1)

An agency used state funds to pay for an adult basic education teaching position last year, but decided to use federal AEFLA funds in the current year to pay for the same teaching position because it has received additional funding.

- a. Is this supplemental because the agency has received additional AEFLA funds? **No, see b. below**
- b. Is this supplanting because the agency is replacing state funds with AEFLA to pay for the same teaching position? **Yes, presumption of supplanting has occurred.**

Supplement or Supplant? (2)

- An agency rents a copier that is used 50% on AEFLA programs and 50% on non-AEFLA programs. The agency paid 50% of the rent cost with AEFLA and 50% with state and local funds in the prior year, but fully paid with AEFLA funds in the current year because the state and local resources were needed for other expenditures.
 - a. Is this supplanting? Yes, presumed supplanting has occurred, that the agency redirected state and local resources while using AEFLA funds to fully pay for the costs. In this scenario, the agency can only pay up to 50% of the copier rent costs with AEFLA funds.
 - b. Is this supplemental? No, see a. above

Cost Allowability and Allocation

Factors Affecting Allowability of Costs

What is required?

Per 2 CFR 200.403, to be **allowable** under Federal awards, costs must be:

- **Necessary** – Can the agency demonstrate that the cost addresses or improves an existing need for the performance of the program?
- **Reasonable** – Is the price what a “prudent person” would pay under the circumstances at the time the decision was made to incur the cost?
- **Allocable** to the federal award– Is the cost charged to the program in accordance with benefits received; proportional?
- **Authorized** – AEFLA, EDGAR, UGG, state or local laws and regulations
- **Adequately documented**
- **Incurred during the approved budget period** (July 1 – June 30)

Allowable and Unallowable Items of Costs

Under 2 CFR 200.420 to 476, there are general provisions and allowability rules for selected items of costs, which include: advertising; alcoholic beverages, compensation–personal services; materials and supplies, including costs of computer devices; travel, and so on.

Example 1: Costs of advertising for programmatic purposes such as program outreach and recruitment are allowable.

Example 2: Costs of alcoholic beverages are unallowable.

Note: The costs are listed in alphabetical order and this is not a complete list of allowable and unallowable costs, as it relates to the AEFLA grant.

Allowable Costs? (1)

May AEFLA funds be used to pay the salary and related costs of an adult education teacher?

- a. Yes
- b. No
- c. It depends

c. It depends. AEFLA funds may be used, considering that the teacher provides services to students who are eligible for AEFLA programs and the services are allowable under the grant (i.e., necessary and reasonable for the performance of the AEFLA programs, are allocable, authorized, documented, and incurred during the approved budget).

Allowable Costs? (2)

May AEFLA funds be used to purchase office furniture, such as desks, chairs, and cabinets?

a. Yes

b. No

c. It depends

b. No, AEFLA funds cannot be used for office furniture. In general, capital expenditures and equipment with per-unit acquisition cost equals or exceeding the lesser of the agency's capitalization threshold or \$5,000 are not reimbursable with AEFLA funds. (State-imposed requirement)

Allocable Proportion?

An agency rents a copier that is used 50% on AEFLA programs and 50% on non-AEFLA programs, can the agency charge:

- a. 50% of the cost to AEFLA and 50% to non-AEFLA programs? Yes, the agency can charge up to 50% of the cost to AEFLA – in accordance with the 50% benefits received.
- b. 75% of the cost to AEFLA and 25% to non-AEFLA? No, 75% of the cost is more than the 50% benefits received. The agency can charge up to 50% to AEFLA.
- c. 0% of the cost to AEFLA and 100% to non-AEFLA? Yes, charging 0% of the cost to AEFLA and receiving 50% of the benefits is acceptable.

Time & Effort Reporting

Time and Effort Reporting Requirements

What is required?

Any employee (full-time, part-time, substitute, hourly) paid with federal funds must maintain **documentation** showing that their time is **allocable** to a federal program. (2 CFR 200.403(a)).

In other words, a cost must be allocated or charged to a federal program “in accordance with relative benefits received.” (2CFR 200.405(a))

Example: If a teacher is paid 50% with AEFLA funds, resource code 3905 and 50% with California Adult Education Program (CAEP), resource code 6391, the time and effort **documentation** must demonstrate that at least 50% of the teacher’s time was providing AEFLA grant related activities, under resource 3905 programs focus areas.

Time & Effort - Standards for Documentation (1)

Per 2 CFR 200.430(i)(1), the **documentation** must be **based on records** that **accurately reflect the work performed**.

- Be supported by a **system of internal controls** which provides **reasonable assurance** that the charges are **accurate, allowable, and properly allocated**.

Note: Does the agency has established policies and procedures to ensure that the employees' salaries and wages charged to federal programs, including AEFLA, are substantiated?

- Be incorporated into the official records of the agency.

Note: Has the agency incorporated Time and Effort (T&E) records into its official payroll and accounting records?

Time & Effort - Standards for Documentation (1.1)

Per 2 CFR 200.430(i)(1), the **documentation** must be **based on records** that **accurately reflect the work performed**. (continued)

- Reasonably reflect the **total activity** for which the employee is compensated.

Note: Do the T&E records reflect the entire time (100% of the position), whether the employee works on a full, part-time, substitute, or hourly basis?

- Encompass **all activities** (federal and non-federal).

Note: Do the T&E records include all activities (federal and non-federal) reflecting 100% of the position?

Time & Effort - Standards for Documentation (1.2)

Per 2 CFR 200.430(i)(1), the **documentation** must be **based on records** that **accurately reflect the work performed**. (continued)

- Comply with established accounting **policies and practices**.

Note: Do the policies and practices include fiscal and program staff, responsible positions, and align to T&E records?

- Support distribution among specific **activities or cost objectives***.

Note: Do the T&E records identify the specific activities or costs objectives the employee performed, and demonstrate that these benefited the programs, including AEFLA, from which the employee was paid?

* **Cost objectives** - more details on the next slides

Time & Effort - Standards for Documentation (2)

Under 2 CFR 200.430(i)(1)(viii),

- **Budget estimates** (i.e., estimates determined before the services are performed) alone do not qualify as support for charges to federal awards.

Note: This is one of the most common reasons of non-compliance and may require the agency to reimburse or repay the federal program(s) with non-federal funds.

Time & Effort - Standards for Documentation (3)

What is a **cost objective**?

Per 2 CFR 200.1, a cost objective is a function, activities, mandated set-asides, mandatory minimums, and anything that requires separate cost accounting.

In practical terms, a cost objective is a set of work activities allowable under the terms and conditions of a particular funding source. (2019 California School Accounting Manual (CSAM) Page 905-1).

Time & Effort - Standards for Documentation (4)

Type of documentation?

The type of documentation would depend on whether the employee works on a Single Cost Objective (**SCO**) (or activity) or multiple cost objectives (or activities).

- **SCO**: A function, activity, ... (2 CFR 200.1) **OR** when both the services(s) being performed and the population being served are allowable and eligible under any of the programs supporting the cost objective.

SCO Example 1: An employee solely providing **ESL instruction** and paid 100% with AEFLA funds, resource code 3905 **OR**

SCO Example 2: An employee solely providing **ESL instruction** and paid 50% with CAEP, resource 6391 and 50% AEFLA funds, resource 3905. The employee is funded with more than one source; however, still works on a SCO because the services being performed and the population being served are allowable and eligible under CAEP and AEFLA, supporting the ESL instruction cost objective or activity.

Time & Effort - Standards for Documentation (4.1)

Semiannual Certification (or periodic certification)

Agencies often use this form for employees working on a **SCO**

- After the fact record, covering the entire period of the certification.
- Identifies the **cost objective or activity**, resource code(s), and percentage or hours of **actual** effort expended for the period of the certification.
- Accounts for the **total activity** (100%) for which the employee is compensated (federal and non-federal activities).
- Signed and dated by the employee or supervisory official. **Agencies may require both signatures.**

A sample certification is on page 905-19 of the 2019 CSAM.

Time & Effort - Standards for Documentation (5)

Type of documentation? (continued)

The type of documentation would depend on whether the employee works on a single cost objective (or activity) or **Multiple Cost Objectives (MCOs)** (or activities).

- **MCOs:** When an employee works on more than one federal award; a federal and nonfederal award, a function; and the activities performed are not considered a SCO.

MCO Example 1: An employee who is funded 25% AEFLA, resource code 3926, 25% Perkins V or another Federal grant, and 50% CAEP.

MCO Example 2: If an employee provides AEFLA instruction and administration services (e.g. professional development) and is paid 100% with AEFLA funds, the employee is considered to work on MCOs, as **instruction and administrative activities are two separate functions or cost objectives** within the AEFLA grant.

Time & Effort - Standards for Documentation (5.1)

Personal Activity Report (PAR) or Equivalent

Agencies typically use this certification form for employees working on **MCOs**

- **After the fact record**, reflecting the **actual time worked, not budget estimates**, on each **cost objective or activity**, under each resource code.
- Prepared at least monthly (unless substitute system).
- Includes **all** activities (100%) for which the employee is compensated (federal and non-federal activities).
- Signed and dated by employee or supervisor. **Agencies may require both.**
- A sample PAR is on page 905-18 of the 2019 CSAM.

Time and Effort Reporting

Written Policies and Procedures (1)

Written Policies and Procedures are essential to implement an effective time reporting system. (ED Cost Allocation Guide, Section VI, Time and effort Requirements, Policies and Procedures & CSAM Procedure 905-1)

The process should be in sufficient detail to understand how the system will operate from when the time is worked to when the time is recorded in the accounting records and charged to the federal award.

Time and Effort Reporting

Written Policies and Procedures (2)

An agency's **written policies and procedures** are **established and implemented** for documenting time and effort (T&E) of employees that work on federal programs.

Elements may include: Outlining how the agency documents T&E and if it differs based on single or multiple cost objectives, or other circumstances; time certification forms used; who must complete/sign the forms; due dates for when and where the forms are distributed, collected, and reviewed; approval and reconciliation process; employee training; and sample forms.

Ensure that the agency's T&E policies and procedures include the **elements to meet federal compliance**. And, ensure what is reflected in the policies and procedures is **actually taking place**.

Time & Effort Reporting – Single or Multiple Cost Objectives? (1)

A Director of Adult Education provides administrative services for the AEFLA, WIOA Title I, Perkins V, and CAEP programs?

- a. Single cost objective
- b. Multiple cost objectives
- c. Not a cost objective

b. The Director works on multiple cost objectives (more than one federal award and a non-federal award) and would complete T&E documentation the agency uses for employees who work on multiple cost objectives or activities.

Time & Effort Reporting – Single or Multiple Cost Objectives? (2)

An Instructional Aide provides instruction support to ABE students allowable under CAEP and AEFLA. In addition, the Aide provides the CASAS pre-test and post-test to these students. The Aide's salary and benefits are paid 60% CAEP and 40% AEFLA, resource code 3905.

- a. Single cost objective
- b. Multiple cost objectives
- c. Not a cost objective

a. The Instructional Aide works on a single cost objective (SCO) based on that the services being performed (ABE instruction and CASAS pre-test and post-test) and the population being served (ABE students) are allowable and eligible under CAEP and AEFLA. The employee would complete T&E documentation the agency uses for employees who work on a SCO or activity.

Time & Effort Reporting – Single or Multiple Cost Objectives? (3)

A School Principal provides support to all Adult Education Programs?

- a. Single cost objective
- b. Multiple cost objectives
- c. Not a cost objective

c. Not a cost objective – not sufficient information. For example, does the School Principal provide support (admin., instruction, professional development, etc.) to AEFLA, Perkins V, CAEP programs? Does the Principal provide administrative and instruction support solely to AEFLA and/or CAEP programs?

Matching

Matching Requirements (1)

- All grantees must provide at least a **25 percent** match in non-federal funds of the total amount expended for adult education and literacy activities consistent with AEFLA award. (AEFLA, Section 222, State-imposed)
- Match contributions must meet the criteria listed in 2 CFR 200.306(b):
 - Be allowable under 2 CFR 200.403 and AEFLA.
 - Be documented and verifiable.
 - Be necessary and reasonable for accomplishing program objectives.
 - Be supported by documentation of fair market value.
 - Not be included as contribution for any other Federal award.
 - Not be met by another Federal grant.

Voluntary Authorization to Share Personally Identifiable Information and Records Form

PURPOSE OF THIS FORM

The purpose of this form is to facilitate compliance with the Workforce Innovation and Opportunity Act (WIOA) (Public Law No. 113–128) signed by President Obama in 2014, the Family Educational Rights and Privacy Act (FERPA) (*20 United States Code § 1232g; 34 Code of Federal Regulations Part 99*) and California *Unemployment Insurance Code* Section 14013. Important Note

As a form of assistance to local educational agencies (LEAs), the California Department of Education (CDE) offers, free of charge, the translations listed below. CMD translations may be downloaded by schools, districts, and county offices; customized to meet local needs; edited to remove CMD document information; and then disseminated to parents. The CDE recommends that LEAs first confer with local translators, however, to determine any need for modifications, as there can be many variations in translation.

It is inappropriate to guide parents to CMD translations via direct hyperlinks to the CMD Web site because the translations commonly require additions and modifications by the agency using the translation.

Data Privacy FAQs

Responses to questions regarding data privacy and the Student Consent Form.

Frequently Asked Questions

The Frequently Asked Questions (FAQs) below are based on inquiries to the Adult Education Office regarding student records and data privacy related to the Family Educational Rights and Privacy Act (FERPA) and the Workforce Innovation and Opportunity Act (WIOA), Title II: Adult Education and Family Literacy Act (AEFLA) Program.

- 1. Is it now a requirement for agencies to ask students for their social security numbers (SSNs)? Could we proceed without collecting SSNs?**

Agencies are required to provide each student an opportunity to voluntarily disclose SSNs. This is achieved by providing students with the Voluntary Authorization to Share Personally Identifiable Information and Records Form (Consent Form).
- 2. Are students required to complete the Voluntary Authorization to Share Personally Identifiable Information and Records Form (Consent Form)?**
 - Students can choose to provide their SSNs by checking the "I consent" box and signing the form.
 - Students can also choose not to provide their SSNs by checking the "I do not consent" box and signing the form.

Note: Grantees must document all responses in the Entry Record
- 3. Can a student decline to provide a SSN and also decline to fill out the Consent Form?**

Yes; however, grantees are still required to document the student's response in the Entry Record.
- 4. Will the Voluntary Authorization to Share Personally Identifiable Information and Records Form be available in other languages?**

Yes, the form will be available in eight other languages: Spanish, Mandarin, Cantonese, Vietnamese, Arabic, East Armenian, Hmong, and Russian.
- 5. How should grantees proceed in the event that they are directed by local policy to not collect SSNs?**

Grantees are advised to record "no" in the Entry Record.
- 6. Does it impact our payment points if a student elects not to provide a SSN?**

No; however, it can affect the grantee's ability to demonstrate that program offerings result in successful employment outcomes, which could also impact California's ability to meet federal goals.
- 7. What are the procedures for storing and retaining Consent Forms?**

As with other student-sensitive information, Consent Forms should be stored in a secured area and retained for a period of three years from the date of submission of the final expenditure claim report (2 CFR §200.333).

WIOA Section 243 Integrated English Literacy and Civics Education Program

Cory Rayala, EdD
Education Programs Consultant
Adult Education Office

CALIFORNIA DEPARTMENT OF EDUCATION
Tony Thurmond, State Superintendent of Public Instruction

Familiarity Poll

How familiar are you with the IELCE Program?

Definition of Integrated English Literacy and Civics Education

“Education services provided to English language learners who are adults, including professionals with degrees and credentials in their native countries, that enable such adults to achieve competency in the English language and acquire the basic and more advanced skills needed to function effectively as parents, workers, and citizens in the United States. Such services shall include instruction in literacy and English language acquisition and instruction on the rights and responsibilities of citizenship and civic participation, and may include workforce training.”

Activity vs. Program

- **English Literacy and Civics Education (ELCE)** as an activity under WIOA Section 231 **may** include workforce training.
- **Integrated English Literacy and Civics Education (IELCE)** implemented as a program as described under WIOA Section 243 **must** include workforce training.

Integrated English Literacy and Civics Education Program

The IELCE program must be designed to:

1. Prepare ELLs for, and place in, unsubsidized employment in in-demand industries and occupations that lead to economic self-sufficiency
2. Integrate with the local workforce development system and its functions to carry out the activities of the program

The IELCE program must be provided in combination with IET activities.

Integrated Education and Training (1)

IET is a service delivery model that provides **adult education** activities concurrently and contextually with **workforce preparation** activities and **workforce training**.

Integrated Education and Training (2)

Integrated Education and Training (3)

“Concurrently and contextually” means that, within the overall scope of the IELCE program, adult education, workforce preparation, and workforce training activities must:

- Be of sufficient intensity and quality, and based on the most rigorous research available
- Use occupationally relevant instructional materials
- Occur simultaneously

Integrated Education and Training (4)

To meet the IET requirements, an IELCE program must:

- Have a single set of learning objectives and activities organized to function cooperatively
- Be aligned with the state's content standards for adult education
- Be part of a career pathway

Training Services (1)

Training services may include:

1. occupational skills training, including training for nontraditional employment
2. on-the-job training
3. incumbent worker training
4. programs that combine workplace training with related instruction, which may include cooperative education programs
5. training programs operated by the private sector
6. skill upgrading and retraining

Training Services (2)

7. entrepreneurial training
8. transitional jobs
9. job readiness training provided in combination with the services above
10. adult education and literacy activities, including activities of English language acquisition and integrated education and training programs, provided concurrently or in combination with the services above
11. customized training conducted with a commitment by an employer or group of employers to employ an individual upon successful completion of the training

Industry-Recognized Credentials

Industry-recognized training credentials include, but are not limited to:

- State licensure administered by the California Department of Consumer Affairs
- Locally approved certificates awarded by an entity on the EDD's Employment Training Provider List
- Career Development and College Preparation (CDCP) Short-Term Vocational certificates with more than 48 contact hours
- Completion of a short-term vocational credit certificate over 6 units
- Certificates recognized by the Carl D. Perkins Career and Technical Education Improvement Act
- Certificates earned through a CTE program at a Local Education Agency that meet CDE Standards
- Certificates that meet the threshold for Title IV Federal Student Aid
- Certificates earned through Pre-Apprenticeship or Apprenticeship Programs

Co-Enrollment (1)

- Remember, IELCE implemented as a program as described under WIOA Section 243 **must** include workforce training.
- English language learners in an IELCE Program must have the **opportunity** to be co-enrolled in a class or program that offers workforce training within their career pathway.

Co-Enrollment (2)

Co-enrollment may include one or more of the following options:

- ELLs are co-enrolled in a workforce training Title I America's Job Center of California program.
- ELLs are co-enrolled in the provider's workforce training program, such as career technical education.
- ELLs are co-enrolled in a series of workforce training courses within a career pathway offered by multiple providers designed to lead to employment.
- ELLs are working directly with an employer through apprenticeship, pre-apprenticeship, or on the job training.

Team Teaching Strategies

The IET service delivery may incorporate one or both of the following models:

- **Co-Teaching**

- An ESL teacher and a workforce training teacher in the same classroom at the same time

- **Alternating Teaching**

- Learners co-enrolled in two different but coordinated and concurrent courses

Civic Objective and Additional Assessment Plans (1)

What is a COAAP?

- A Civic Objective and Additional Assessment Plan (COAAP) is a general description of the performance-based assessment the agency will give learners after 30 hours of instruction based on the selected Civic Objective.
- WIOA Section 243-designated COAAPs meet the **workforce preparation** requirement of IET.

Civic Objective and Additional Assessment Plans (2)

- Providers may adopt any of the existing WIOA Section 243 COAAPs or propose new ones.
- WIOA Section 243 COAAPs should be part of a workforce preparation curriculum targeting an in-demand occupation or cluster of occupations.

ChatGPT: Risks, Challenges, and the Future

by Susan Gaer, OTAN SME

Many people think that AI (Artificial Intelligence) is new, but translation services, speech recognition, personalized learning with language learning apps, and grammar/spelling checkers are all forms of AI that we have become accustomed to. AI is already around us. What is new is the plethora of tools that have been bombarding us since November 2022 when ChatGPT-3 was created by OpenAI. This article will focus on the educational uses of ChatGPT.

What is [ChatGPT](#)?

ChatGPT is a natural language processing tool written by [OpenAI](#). The key characteristic of ChatGPT is that it uses natural language that allows you to have a more human-like conversation. This language model can help you answer questions and write almost anything. In February of 2023, ChatGPT-4 was developed, and it is more powerful than version 3. This version is not free and currently costs \$20/month.
